

Call for Papers

The 15th Asia-Pacific Network Operations and Management Symposium

APNOMS 2013

www.apnoms.org/2013

Sponsored by IEICE ICM, KICS KNOM

Technically co-sponsored by IEEE Communications Society

September 25-27, 2013 in Hiroshima, Japan

- Integrated Management of Network Virtualization -

The Asia-Pacific Network Operations and Management Symposium (APNOMS) is the premier conference on network operations and management in the Asia-Pacific region. APNOMS meets every year, typically during September and boasts a rich history of successes. It includes a full three-day program of keynotes, tutorials, technical sessions, panel discussions, poster sessions, and exhibits that focus on managing networks that span the computing and telecommunications areas. APNOMS 2013 will encourage open discussions on technology alternatives that focus on the management and operation of current and future networks and services. APNOMS welcomes submissions based on implementation and experimentation, as well as simulation and analytical approaches. The topics of interest include, but are not limited to, the following items:

- 1) Network Management
 - Management of Software Defined Network (SDN)
 - Management of the Future Internet(s)
 - Management of IP and Optical Networks
 - Management of Ad-hoc and Mesh Networks
 - Management of Wireless and Cellular Networks
 - Management of Sensor Networks
 - Management of Heterogeneous Networks
 - Management of Converged Networks
 - Management of Large Data Centers and Clouds
 - Management of Vehicular Networks
 - Peer-to-Peer and Overlay Networks
 - Cognitive Network Management
- 2) Architectures, Methods & Technologies
 - New Network Architectures and Models
 - Next Generation BSS/OSS Platforms
 - New Network Protocols
 - Autonomic Management
 - Software Defined Network (SDN)
 - Cloud Computing
 - Virtualization
 - Control Theoretic Management Approaches
 - Web/Java Based Management
 - Mobile Agent-based Management
 - Policy-based Management
 - Converged Networking Issues
 - SLA/QoS Management, Traffic Engineering
 - Network Monitoring and Measurements
 - Configuration and Fault Management
 - SNMP, NETCONF, Web Services, XML
- 3) Service Management
 - Big Data Management
 - Ubiquitous Service Management
 - Management of Personalized Services
 - Services Science, Management & Engineering
 - Security Management
 - Accounting and Billing
 - Applications and Service Provisioning
 - Seamless Service with Roaming and Handover
 - Signaling for Application Sessions and Networking
 - Management of Bandwidth on Demand
 - Regulatory Issues
- 4) Business Management
 - Economic Aspects of NGNs and Future Internet(s)
 - Next Generation BSS Platforms
 - SLA/SLO/SLS Management
 - eTOM and ITIL
 - ISP/ASP/CSP Management
 - Business Process Engineering
 - Customer Care and Self Operations
 - e-Business Management
- 5) Experiences
 - Trial Results, Migration and Case Studies
 - Interoperability Issues
 - R&D Networks
 - Advances in and Federation of Testbeds

Technical Session: Authors are invited to submit complete unpublished papers in English, which are not under review in any other conferences or journals. Submission should be in form of a PDF file up to 6 pages, prepared in accordance with IEEE author guidelines. The APNOMS 2013 proceedings of technical session papers will be published in IEICE I-Scover and IEEE Xplore. They will be indexed in EI. The copyright of accepted papers will be transferred to IEICE. A submitted paper may be accepted as a short paper (presented in a poster session). **NOTE:** To be published in the proceedings, I-Scover and Xplore, for each accepted paper, an author is required to register for the conference at the full (member or non-member) rate and the paper must be presented at the conference by one of the authors. Online presentation (e.g. Skype) is not permitted without an unavoidable reason such as a natural disaster.

Innovation Session: APNOMS 2013 will include innovation sessions to present and discuss ongoing research, work-in-progress ideas, practical solutions, and experimental studies. Authors are requested to submit PDF documents in a special format (typically shorter than 12 pages long, but this is not a strict limit and may be exceeded). The sample file can be obtained at <http://www.apnoms.org/apnoms-sample.ppt> (see [Manuscript Guidelines](#) page for details). Innovation papers will be included in conference proceedings but will **NOT** be indexed by any scholarly research database. The copyright of accepted papers will belong to the author(s). The author(s) may transfer the copyright to a journal publisher if the same content or its extended version is submitted separately to a journal.

Important Dates:

Abstract registration: **May 27, 2013**
Technical Paper submission: **May 27, 2013**
Innovation Paper submission: **June 9, 12, 2013**
Notification of acceptance: **July 14, 2013**
Camera-ready papers due: **August 18, 2013**

Send your questions to TPC Co-Chairs:
