◀ Managing a World of Things ▶

The Asia-Pacific Network Operations and Management Symposium (APNOMS) is the premier conference on network operations and management in the Asia-Pacific region. APNOMS meets every year, typically during August or September, and boasts a rich history of successes. It includes a full three-day program of keynotes, tutorials, technical sessions, panel discussions, poster sessions, and exhibits focusing on managing networks that span the computing and telecommunications areas. APNOMS 2017 will encourage open discussions on technology alternatives that focus on the operations and management of future networks and services.

We are looking forward to seeing you in Seoul!

Invitation to Seoul, Korea

Seoul has been the capital city of Korea for the past 600 years. The city of Seoul, which hosted the 1988 Seoul Olympic Games and 2002 FIFA World Cup Soccer Games, has many sight-seeing attractions and cultural events. In September 2017, fantastic events such as GANGNAM FESTIVAL (http://festival.gangnam.kr/) will be held in Seoul. Welcome APNOMS 2017 and Enjoy Seoul!
